

20 June 87

Hi Kathie,

I'm a friend of Ann Sroda's who, after hearing ^{from her} about last year's ~~Gay~~-equality demonstrations, got inspired to write the enclosed song which you can use any way you wish, if you like it.

I would also (of course) be happy to participate in this year's demos with some music.

Good luck in your struggle against America's smug & thoughtless discrimination.

Mark Tamborini
